## Asset Finance Broker

### Description

Our client is searching for an Asset Finance Broker, based in the North of England – up to £25Kpa Salary and Work from Home or Office Opportunity

Bonus is uncapped with realistic OTE of £35K plus Pension, Business Mileage – This is a Field Based Role with an Office in Huddersfield

### Responsibilities

Due to continued business growth, our client is searching for an entrepreneurial and motivated Broker for their Asset Finance Business

They will be able to give you immediate access to the largest and most comprehensive portfolio of UK and internationally based funders in the commercial finance market.

As a talented and experienced broker, you will have access to:

Over 50+ funders including specialist niche market funders

The best terms: Size, market presence and reputation means accessing the most competitive rates

A personal touch: Experienced, fully qualified and FCA compliant means, clients get a better service

Ideally, you will have a strong contact list of recognised introducers, such as accountants and vehicle/machinery dealers, although full training will be given

You will ideally have at least 2-years experience in the asset finance sector, this could have been via one of the major banks, lenders or operators in the industry

We will consider applications from candidates with similar finance experience in lending or insurance

Experience of achieving stretching performance targets

You will ideally be living in the North of England

Experience of field-based business development and sales is essential

You will need access to a vehicle for business purposes and be happy travelling extensively to win new business

Entrepreneurial skills are important and the desire to further develop your financial career
